## 19. Certification for Paperwork Reduction Act Submissions

On behalf of this Federal Agency, I certify that the collection of information encompassed by this request complies with 5 CFR 1320.9

**NOTE:** The text of 5 CFR 1320.9, and the related provisions of 5 CFR 1320.8(b)(3), appear at the end of the instructions. *The certification is to be made with reference to those regulatory provisions as set forth in the instructions.*

The following is a summary of the topics, regarding the proposed collection of information, that the certification covers:

- (a) It is necessary for the proper performance of agency functions;
- (b) It avoids unnecessary duplication;
- (c) It reduces burden on small entities;
- (d) It used plain, coherent, and unambiguous terminology that is understandable to respondents;
- (e) Its implementation will be consistent and compatible with current reporting and recordkeeping practices;
- (f) It indicates the retention period for recordkeeping requirements;
- (g) It informs respondents of the information called for under 5 CFR 1320.8(b)(3):
  - (i) Why the information is being collected;
  - (ii) Use of information;
  - (iii) Burden estimate;
  - (iv) Nature of response (voluntary, required for a benefit, mandatory);
  - (v) Nature and extent of confidentiality; and
  - (vi) Need to display currently valid OMB control number;
- (h) It was developed by an office that has planned and allocated resources for the efficient and effective management and use of the information to be collected (see note in Item 19 of instructions);
- (i) It uses effective and efficient statistical survey methodology; and
- (j) It makes appropriate use of information technology.

If you are unable to certify compliance with any of the provisions, identify the item below and explain the reason in Item 18 of the Supporting Statement.

**SUPPORTING STATEMENT  
FOREIGN FISHING VESSEL IDENTIFICATION REQUIREMENTS  
OMB CONTROL NO. 0648-0356**

**A. JUSTIFICATION**

**1. Explain the circumstances that make the collection of information necessary.**

The success of fisheries management programs depends significantly on regulatory compliance. Vessel identification requirements are essential to facilitate enforcement. The ability to link fishing or other activity to the vessel owner or operator is crucial to enforcement of regulations issued under numerous Federal fishery management statutes. This particular collection relates to the foreign fishing provisions of the Magnuson-Stevens Fishery Conservation and Management Act (copy attached). Implementing regulations are found at 50 CFR 600.503 (copy attached).

**2. Explain how, by whom, how frequently, and for what purpose the information will be used.**

Regulations at 50 CFR 600.503 require that a vessel's international radio call sign be displayed on the port and starboard sides of the deckhouse or hull, and on a weatherdeck. This information identifies each vessel and is intended to be visible at distances at sea level and from the air. This information provides law enforcement personnel with a means to monitor fishing, at-sea processing, and other related activities, to ascertain whether a vessel's observed activities are in accordance with those authorized for that vessel. The vessel identification information is used by the NMFS and USCG in patrols and other enforcement-related actions, including issuing violations and pursuing prosecutions. Vessels that qualify for particular fisheries are readily identified, and violators are more efficiently and expediently cited/prosecuted, thereby allowing for more cost-effective enforcement. Cooperating fishermen and other interested parties can also use the vessel identification information to report suspicious activities. Fishermen in compliance with fishery management regulations ultimately benefit as unauthorized and illegal fishing is deterred and more burdensome regulations are avoided.

**3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological techniques or other forms of information technology.**

The requirement that each vessel display its IRCS on its deckhouse or hull, and its weatherdeck, does not lend itself to does not lend itself to technology. Painting identification information on vessels is the least costly and most efficient method available at this time to provide the information necessary to support enforcement.

**4. Describe efforts to identify duplication.**

There is no duplication of other requirements.

**5. If the collection of information involves small businesses or other small entities, describe the methods used to minimize burden.**

The collection will not have a significant impact on small businesses or entities.

**6. Describe the consequences to the Federal program or policy activities if the collection is not conducted or is conducted less frequently.**

Failure to conduct the collection would make it difficult to enforce the foreign fishing provisions of the MSFCMA. There is no set frequency.

**7. Explain any special circumstances that require the collection to be conducted in a manner inconsistent with OMB guidelines.**

This collection is consistent with OMB guidelines.

**8. Provide a copy of the PRA Federal Register notice that solicited public comments on the information collection prior to this submission. Summarize the public comments received in response to that notice and describe the actions taken by the agency in response to those comments. Describe the efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and on the data elements to be recorded, disclosed, or reported.**

A Federal Register Notice (copy attached) solicited public comments. None were received. Public comment was also solicited during the regulatory process.

**9. Explain any decisions to provide payments or gifts to respondents, other than remuneration of contractors or grantees.**

No payments or gifts will be provided.

**10. Describe any assurance of confidentiality provided to respondents and the basis for assurance in statute, regulation, or agency policy.**

No assurance of confidentiality is provided to respondents.

**11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.**

No sensitive questions are asked.

**12. Provide an estimate in hours of the burden of the collection of information.**

We are estimating that 20 vessels will be affected, and that it takes 15 minutes to make each of the three locations.

$$10 \text{ vessels} \times 3 \text{ markings} \times 15 \text{ minutes/marking} = 7.5 \text{ hours}$$

**13. Provide an estimate of the total annual cost burden to the respondents or record-keepers resulting from the collection.**

We estimate that paint, paintbrush, and perhaps a stencil, will cost about \$20 per vessel, for a total cost of \$200.

**14. Provide estimates of annualized cost to the Federal government.**

There are no Federal costs.

**15. Explain the reasons for any program changes or adjustments reported in Items 13 or 14 of the OMB 83-I.**

The reductions in hours and costs are adjustments due to revised estimated of foreign fishing activity.

**16. For collections whose results will be published, outline the plans for tabulation and publication.**

No results will be published.

**17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons why display would be inappropriate.**

N/A.

**18. Explain each exception to the certification statement identified in Item 19 of the OMB 83-I.**

There are no exceptions.

**B. COLLECTIONS OF INFORMATION EMPLOYING STATISTICAL METHODS**

The collection does not employ statistical methods.

### § 600.503 Vessel and gear identification.

(a) *Vessel identification.* (1) The operator of each FFV assigned an IRCS must display that call sign amidships on both the port and starboard sides of the deckhouse or hull, so that it is visible from an enforcement vessel, and on an appropriate weather deck so it is visible from the air.

(2) The operator of each FFV not assigned an IRCS, such as a small trawler associated with a mothership or one of a pair of trawlers, must display the IRCS of the associated vessel, followed by a numerical suffix. (For example, JCZM-1, JCZM-2, etc., would be displayed on small trawlers not assigned an IRCS operating with a mothership

whose IRCS is JCZM; JANP-1 would be displayed by a pair trawler not assigned an IRCS operating with a trawler whose IRCS is JANP.)

(3) The vessel identification must be in a color in contrast to the background and must be permanently affixed to the FFV in block Roman alphabet letters and Arabic numerals at least 1 m in height for FFV's over 20 m in length, and at least 0.5 m in height for all other FFV's.

(b) *Navigational lights and shapes.* Each FFV must display the lights and shapes prescribed by the International Regulations for Preventing Collisions at Sea, 1972 (TIAS 8587, and 1981 amendment TIAS 10672), for the activity in which the FFV is engaged (as described at 33 CFR part 81).

(c) *Gear identification.* (1) The operator of each FFV must ensure that all deployed fishing gear that is not physically and continuously attached to an FFV:

(i) Is clearly marked at the surface with a buoy displaying the vessel identification of the FFV (see paragraph (a) of this section) to which the gear belongs.

(ii) Has attached a light visible for 2 nautical miles (3.70 km) at night in good visibility.

(iii) Has a radio buoy.

Trawl codends passed from one vessel to another are considered continuously attached gear and are not required to be marked.

(2) The operator of each FFV must ensure that deployed longlines, strings of traps or pots, and gillnets are marked at the surface at each terminal end with: (see paragraphs (c)(1)(i) through (c)(1)(iii) of this section).

(3) Additional requirements may be specified for the fishery in which the vessel is engaged.

(4) Unmarked or incorrectly identified fishing gear may be considered abandoned and may be disposed of in accordance with applicable Federal regulations by any authorized officer.

(d) *Maintenance.* The operator of each FFV must—

(1) Keep the vessel and gear identification clearly legible and in good repair.

(2) Ensure that nothing on the FFV obstructs the view of the markings from an enforcement vessel or aircraft.

(3) Ensure that the proper navigational lights and shapes are displayed for the FFV's activity and are properly functioning.

**§ 600.504 Facilitation of enforcement.**

(a) *General.* (1) The owner, operator, or any person aboard any FFV subject to this subpart must immediately comply with instructions and signals issued by an authorized officer to stop the FFV; to move the FFV to a specified location; and to facilitate safe boarding and inspection of the vessel, its gear, equipment, records, and fish and fish products on board for purposes of enforcing the Magnuson-Stevens Act and this subpart.

(2) The operator of each FFV must provide vessel position or other information when requested by an authorized officer within the time specified in the request.

(b) *Communications equipment.* (1) Each FFV must be equipped with a VHF-FM radiotelephone station located so that it may be operated from the wheelhouse. Each operator must maintain a continuous listening watch on channel 16 (156.8 MHz).

(2) Each FFV must be equipped with a radiotelephone station capable of communicating via 2182 kHz (SSB) radiotelephony and at least one set of working frequencies identified in table 3 to § 600.502 appropriate to the fishery in which the FFV is operating. Each operator must monitor and be ready to communicate via 2182 kHz (SSB) radiotelephone each day from 0800 GMT to 0830 GMT and 2000 to 2030 GMT, and in preparation for boarding.

(3) FFV's that are not equipped with processing facilities and that deliver all catches to a foreign processing vessel are exempt from the requirements of paragraph (b)(2) of this section.

(4) FFV's with no IRCS that do not catch fish and are used as auxiliary vessels to handle codends, nets, equipment, or passengers for a processing vessel are exempt from the requirements of paragraphs (b)(1) and (b)(2) of this section.

(5) The appropriate Regional Administrator, with the agreement of the appropriate USCG commander, may, upon request by a foreign nation, accept alternatives to the radio requirements of this section to certain FFV's or types of FFV's operating in a fishery, provided they are adequate for the communications needs of the fishery.

(c) *Communications procedures.* (1) Upon being approached by a USCG vessel or aircraft, or other vessel or aircraft with an authorized officer aboard, the operator of any FFV subject to this subpart must be alert for communications conveying enforcement instructions. The enforcement unit may communicate by channel 16 VHF-FM radiotelephone, 2182 kHz (SSB) radiotelephone, message block from an aircraft, flashing light or flag signals from the International Code of Signals, hand signal, placard, loudhailer, or

**Sec. 1824. Permits for foreign fishing****● (a) In general**

After February 28, 1977, no foreign fishing vessel shall engage in fishing within the exclusive economic zone, or for anadromous species or Continental Shelf fishery resources beyond such zone, unless such vessel has on board a valid permit issued under this section for such vessel.

**● (b) Applications and permits under governing international fishery agreements****○ (1) Eligibility; duration**

Each foreign nation with which the United States has entered into a governing international fishery agreement shall submit an application to the Secretary of State each year for a permit for each of its fishing vessels that wishes to engage in fishing described in subsection (a) of this section. No permit issued under this section may be valid for longer than a year; and section [558](#)(c) of title 5 does not apply to the renewal of any such permit.

**○ (2) Forms**

The Secretary, in consultation with the Secretary of State and the Secretary of the department in which the Coast Guard is operating, shall prescribe the forms for permit applications submitted under this subsection and for permits issued pursuant to any such application.

**○ (3) Contents**

Any application made under this subsection shall specify -

- (A) the name and official number or other identification of each fishing vessel for which a permit is sought, together with the name and address of the owner thereof;
- (B) the tonnage, hold capacity, speed, processing equipment, type and quantity of fishing gear, and such other pertinent information with respect to characteristics of each such vessel as the Secretary may require;
- (C) each fishery in which each such vessel wishes to fish;
- (D) the estimated amount of tonnage of fish which will be caught, taken, or harvested in each such fishery by each such vessel during the time the permit is in force;
- (E) the amount or tonnage of United States harvested fish, if any, which each such vessel proposes to receive at sea from vessels of the United States;
- (F) the ocean area in which, and the season or period during which, such fishing will be conducted; and
- (G) all applicable vessel safety standards imposed by the foreign country, and shall include written certification that

the vessel is in compliance with those standards;  
and shall include any other pertinent information and material  
which the Secretary may require.

○ (4) Transmittal for action

Upon receipt of any application which complies with the requirements of paragraph (3), the Secretary of State shall publish a notice of receipt of the application in the Federal Register. Any such notice shall summarize the contents of the applications from each nation included therein with respect to the matters described in paragraph (3). The Secretary of State shall promptly transmit -

- (A) such application, together with his comments and recommendations thereon, to the Secretary;
- (B) a copy of the application to the Secretary of the department in which the Coast Guard is operating; and
- (C) a copy or a summary of the application to the appropriate Council.

○ (5) Action by Council

After receiving a copy or summary of an application under paragraph (4)(C), the Council may prepare and submit to the Secretary such written comments on the application as it deems appropriate. Such comments shall be submitted within 45 days after the date on which the application is received by the Council and may include recommendations with respect to approval of the application and, if approval is recommended, with respect to appropriate conditions and restrictions thereon. Any interested person may submit comments to such Council with respect to any such application. The Council shall consider any such comments in formulating its submission to the Secretary.

○ (6) Approval

- (A) After receipt of any application transmitted under paragraph (4)(A), the Secretary shall consult with the Secretary of State and, with respect to enforcement, with the Secretary of the department in which the Coast Guard is operating. The Secretary, after taking into consideration the views and recommendations of such Secretaries, and any comments submitted by any Council under paragraph (5), may approve, subject to subparagraph (B), the application, if he determines that the fishing described in the application will meet the requirements of this chapter, or he may disapprove all or any portion of the application.
- (B)
  - (i) In the case of any application which specifies that one or more foreign fishing vessels propose to receive at sea United

States harvested fish from vessels of the United States, the Secretary may approve the application unless the Secretary determines, on the basis of the views, recommendations, and comments referred to in subparagraph (A) and other pertinent information, that United States fish processors have adequate capacity, and will utilize such capacity, to process all United States harvested fish from the fishery concerned.

- (ii) The amount or tonnage of United States harvested fish which may be received at sea during any year by foreign fishing vessels under permits approved under this paragraph may not exceed that portion of the optimum yield of the fishery concerned which will not be utilized by United States fish processors.
- (iii) In deciding whether to approve any application under this subparagraph, the Secretary may take into account, with respect to the foreign nation concerned, such other matters as the Secretary deems appropriate.

○ (7) Establishment of conditions and restrictions

The Secretary shall establish conditions and restrictions which shall be included in each permit issued pursuant to any application approved under paragraph (6) or subsection (d) of this section and which must be complied with by the owner or operator of the fishing vessel for which the permit is issued.

Such conditions and restrictions shall include the following:

- (A) All of the requirements of any applicable fishery management plan, or preliminary fishery management plan, and any applicable Federal or State fishing regulations.
- (B) The requirement that no permit may be used by any vessel other than the fishing vessel for which it is issued.
- (C) The requirements described in section [1821](#)(c)(1), (2), and (3) of this title.
- (D) If the permit is issued other than pursuant to an application approved under paragraph (6)(B) or subsection (d) of this section, the restriction that the foreign fishing vessel may not receive at sea United States harvested fish from vessels of the United States.
- (E) If the permit is issued pursuant to an application approved under paragraph (6)(B), the maximum amount or tonnage of United States harvested fish which may be received at sea from vessels of the United States.
- (F) Any other condition and restriction related to fishery conservation and management which the Secretary prescribes as necessary and appropriate.

○ (8) Notice of approval

The Secretary shall promptly transmit a copy of each application approved under paragraph (6) and the conditions and restrictions established under paragraph (7) to -

- (A) the Secretary of State for transmittal to the foreign nation involved;
- (B) the Secretary of the department in which the Coast Guard is operating; and
- (C) any Council which has authority over any fishery specified in such application.

○ (9) Disapproval of applications

If the Secretary does not approve any application submitted by a foreign nation under this subsection, he shall promptly inform the Secretary of State of the disapproval and his reasons therefore. The Secretary of State shall notify such foreign nation of the disapproval and the reasons therefor. Such foreign nation, after taking into consideration the reasons for disapproval, may submit a revised application under this subsection.

○ (10) Fees

- (A) Fees shall be paid to the Secretary by the owner or operator of any foreign fishing vessel for which a permit has been issued pursuant to this section. The Secretary, in consultation with the Secretary of State, shall establish a schedule of reasonable fees that shall apply nondiscriminatorily to each foreign nation.
- (B) Amounts collected by the Secretary under this paragraph shall be deposited in the general fund of the Treasury.

○ (11) Issuance of permits

If a foreign nation notifies the Secretary of State of its acceptance of the conditions and restrictions established by the Secretary under paragraph (7), the Secretary of State shall promptly transmit such notification to the Secretary. Upon payment of the applicable fees established pursuant to paragraph (10), the Secretary shall thereupon issue to such foreign nation, through the Secretary of State, permits for the appropriate fishing vessels of that nation. Each permit shall contain a statement of all conditions and restrictions established under paragraph (7) which apply to the fishing vessel for which the permit is issued.

● (c) Registration permits

The Secretary of State, in cooperation with the Secretary, shall issue annually a registration permit for each fishing vessel of a foreign nation which is a party to an international fishery agreement under which foreign fishing is authorized by section [1821](#)(b) of this title and which wishes to

engage in fishing described in subsection (a) of this section. Each such permit shall set forth the terms and conditions contained in the agreement that apply with respect to such fishing, and shall include the additional requirement that the owner or operator of the fishing vessel for which the permit is issued shall prominently display such permit in the wheelhouse of such vessel and show it, upon request, to any officer authorized to enforce the provisions of this chapter (as provided for in section [1861](#) of this title). The Secretary of State, after consultation with the Secretary and the Secretary of the department in which the Coast Guard is operating, shall prescribe the form and manner in which applications for registration permits may be made, and the forms of such permits. The Secretary of State may establish, require the payment of, and collect fees for registration permits; except that the level of such fees shall not exceed the administrative costs incurred by him in issuing such permits.

- (d) Transshipment permits

- (1) Authority to issue permits

The Secretary may issue a transshipment permit under this subsection which authorizes a vessel other than a vessel of the United States to engage in fishing consisting solely of transporting fish or fish products at sea from a point within the exclusive economic zone or, with the concurrence of a State, within the boundaries of that State, to a point outside the United States to any person who -

- (A) submits an application which is approved by the Secretary under paragraph (3); and
- (B) pays a fee imposed under paragraph (7).

- (2) Transmittal

Upon receipt of an application for a permit under this subsection, the Secretary shall promptly transmit copies of the application to the Secretary of State, Secretary of the department in which the Coast Guard is operating, any appropriate Council, and any affected State.

- (3) Approval of application

The Secretary may approve, in consultation with the appropriate Council or Marine Fisheries Commission, an application for a permit under this section if the Secretary determines that -

- (A) the transportation of fish or fish products to be conducted under the permit, as described in the application, will be in the interest of the United States and will meet the applicable requirements of this chapter;
- (B) the applicant will comply with the requirements described in section [1821](#)(c)(2) of this title with respect to activities authorized by any permit issued pursuant to the application;
- (C) the applicant has established any bonds or financial assurances that may be required by the Secretary; and
- (D) no owner or operator of a vessel of the United States

which has adequate capacity to perform the transportation for which the application is submitted has indicated to the Secretary an interest in performing the transportation at fair and reasonable rates.

- (4) Whole or partial approval  
The Secretary may approve all or any portion of an application under paragraph (3).
- (5) Failure to approve application  
If the Secretary does not approve any portion of an application submitted under paragraph (1), the Secretary shall promptly inform the applicant and specify the reasons therefor.
- (6) Conditions and restrictions  
The Secretary shall establish and include in each permit under this subsection conditions and restrictions, including those conditions and restrictions set forth in subsection (b)(7) of this section, which shall be complied with by the owner and operator of the vessel for which the permit is issued.
- (7) Fees  
The Secretary shall collect a fee for each permit issued under this subsection, in an amount adequate to recover the costs incurred by the United States in issuing the permit, except that the Secretary shall waive the fee for the permit if the foreign nation under which the vessel is registered does not collect a fee from a vessel of the United States engaged in similar activities in the waters of such foreign nation.

● (e) Pacific Insular Areas

- (1) Negotiation of Pacific Insular Area fishery agreements  
The Secretary of State, with the concurrence of the Secretary and in consultation with any appropriate Council, may negotiate and enter into a Pacific Insular Area fishery agreement to authorize foreign fishing within the exclusive economic zone adjacent to a Pacific Insular Area -
  - (A) in the case of American Samoa, Guam, or the Northern Mariana Islands, at the request and with the concurrence of, and in consultation with, the Governor of the Pacific Insular Area to which such agreement applies; and
  - (B) in the case of a Pacific Insular Area other than American Samoa, Guam, or the Northern Mariana Islands, at the request of the Western Pacific Council.
- (2) Agreement terms and conditions  
A Pacific Insular Area fishery agreement -
  - (A) shall not be considered to supersede any governing international fishery agreement currently in effect under this

technology. Comments may be sent to Tracy Gillin, Regulations and Paperwork Management Branch, U.S. Department of Agriculture, Rural Development, STOP 0742, 1400 Independence Ave. SW., Washington, DC 20250. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

#### **Solid Agricultural Grade Ammonium Nitrate from Ukraine: Postponement of Final Determination and Extension of Provisional Measures of Antidumping Duty Investigation**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of postponement of final antidumping duty determination and extension of provisional measures: solid agricultural grade ammonium nitrate from Ukraine.

**EFFECTIVE DATE:** May 22, 2001.

#### **FOR FURTHER INFORMATION CONTACT:**

Jarrold Goldfeder at (202) 482-0189, AD/CVD Enforcement, Office 1, DAS Group I, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230.

#### **Postponement of Final Determination**

The Department of Commerce (the Department) is postponing the final determination in the antidumping duty investigation of solid agricultural grade ammonium nitrate from Ukraine.

On March 5, 2001, the Department published its preliminary determination in this investigation. *See Notice of Preliminary Determination of Sales at Less Than Fair Value: Solid Agricultural Grade Ammonium Nitrate from Ukraine*, 66 FR 13286 ("Preliminary Notice"). The Preliminary Notice stated that, based on a proper request by Stock Holding Company Concern "Stirol" ("Stirol"), the Department was postponing the final determination by 30 days and, therefore, would issue its final determination no later than 105

days after the date of issuance of the notice (*see* Preliminary Notice, 66 FR at 13287).

Pursuant to section 735(a)(2)(A) of the Tariff Act of 1930, as amended (the Act), on May 14, 2001, Stirol, the sole participating respondent in the investigation, requested that the Department postpone its final determination by an additional 30 days. Stirol further requested that the Department extend to not more than six months the application of the provisional measures prescribed under paragraphs (1) and (2) of section 733(d) of the Act. In accordance with section 735(a) of the Act and 19 CFR 351.210(b), because (1) the preliminary determination in this case is affirmative, (2) the request for postponement was submitted in writing by an exporter who accounts for a significant proportion of exports of the subject merchandise in this investigation, and (3) no compelling reason for denial exists, we are postponing the final determination until no later than 135 days after the publication of the preliminary determination in the **Federal Register** (*i.e.*, until no later than July 18, 2001). Suspension of liquidation will be extended accordingly.

This extension is in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2).

Dated: May 17, 2001.

**Laurie Parkhill,**

*Acting Deputy Assistant Secretary for Import Administration, Group I.*

### International Trade Administration

[A-583-831]

#### **Certain Stainless Steel Sheet and Strip in Coils from Taiwan: Extension of Time Limit for Preliminary Results of Antidumping Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Extension of Time Limit For Preliminary Results of Antidumping Administrative Review.

**SUMMARY:** The Department of Commerce ("the Department") is extending the time limit for the preliminary results of the antidumping administrative review on certain stainless steel sheet and strip in coil from Taiwan.

**EFFECTIVE DATE:** May 22, 2001.

#### **FOR FURTHER INFORMATION CONTACT:**

Stephen Bailey or Rick Johnson, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone: (202) 482-1102 or (202) 482-3818, respectively.

#### **The Applicable Statute**

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act.

#### **Extension of Time Limit for Preliminary Results**

On January 12, 2001, we published an extension of the preliminary results by 90 days. *See* 66 FR 2884. Because of the complex issues enumerated in the Memorandum from Edward C. Yang to Joseph A. Spetrini, *Extension of Time Limit for the Preliminary Results of Administrative Review of Certain Stainless Steel Sheet and Strip in Coils from Taiwan*, on file in the Central Records Unit (CRU) of the Main Commerce Building, Room B-099, we find that it is not practicable to complete this review by the scheduled deadline of July 1, 2001. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the preliminary results of review until July 31, 2001.

Dated: May 14, 2001.

#### **Foreign Fishing Vessel Identification Requirements**

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA).

**ACTION:** Proposed information collection; comment request.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information

collections, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506 (c)(2)(A)).

**DATES:** Written comments must be submitted on or before July 23, 2001.

**ADDRESSES:** Direct all written comments to Madeleine Clayton, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6086, 14th and Constitution Avenue NW, Washington DC 20230 (or via Internet at MClayton@doc.gov).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Bob Dickinson, F/SF4, Room 13304, 1315 East-West Highway, Silver Spring, MD 20910-3282 (phone 301-713-2276, ext. 154).

#### **SUPPLEMENTARY INFORMATION:**

#### **I. Abstract**

Regulations at 50 CFR 600.503 require that foreign fishing vessels display the vessel's international radio call sign on the port and starboard sides of the deckhouse or hull, and on a weatherdeck. The numbers must be of a specific size. The display of the identifying number aids in fishery law enforcement and allows other fishermen to report suspicious activity.
